<b>Introduction</b> .....	3
<b>Gradewell Promise</b> .....	3

## Introduction

The Gradewell Group will ensure that it manages waste in a responsible and legally compliant manner and chooses the most suitable waste disposal option for its waste. We will ensure that the waste hierarchy is taken fully into consideration when selecting a waste management option.

## Gradewell Promise to:

- Eliminate waste where possible to reduce the quantity needing disposal / recycling
- Carry out a waste audit to identify materials which may be retrievable and feedback re-useable materials into our own processes where possible
- Implement controls relating to the segregation and storage of different waste streams
- Select appropriate waste management options for each waste stream
- Ensure recovered wastes for reuse and recycling are segregated and stored correctly to make recycling easier
- Ensure that on-site treatment and disposal facilities/ options have the appropriate environmental permit or waste exemption
- Classify waste in accordance with the European Waste Catalogue and waste acceptance criteria
- Comply with our obligations under 'Duty of Care'
- Ensure compliance with health and safety legislation as applicable to waste
- Train employees and contractors in waste management activities
